GENUS GNS Dragon

The **GNS Dragon** is one of the most exclusive timepieces that GENUS has produced to date. If you are searching for a dress watch with a modern twist this model is the ideal choice. Dimensionally the timepiece has a well-proportioned luxurious 18 Karat white gold measuring 43mm x 18.8mm. What makes this watch so desirable is the exquisite skeletonized dial. Hours are displayed on 12 satellite indices (peripheral and axial rotation) and minutes transitioning between two counter-rotating discs. There is also a wonderful 18 Karat rose gold, stylized

The **GNS Dragon** is one of the most exclusive timepieces that GENUS has produced to date. If you are searching for a dress watch with a modern twist this model is the ideal choice. Dimensionally the timepiece has a well-proportioned luxurious 18 Karat white gold measuring 43mm x 18.8mm. What makes this watch so desirable is the exquisite skeletonized dial. Hours are displayed on 12 satellite indices (peripheral and axial rotation) and minutes transitioning between two counter-rotating discs. There is also a wonderful 18 Karat rose gold, stylized dragon, which is meticulously hand-engraved. Powering the watch is manual winding mechanical movement manufactured at the brand's Geneva workshop. The Calibre 160W-1.2 comprises 26-jewels and oscillates at a frequency of 18,000 VPH.
